Figure 1. A schematic diagram of the experimental setup. The subject is seated in a chair, viewing a screen displaying a target. The target is a vertical line, and the subject is required to move a cursor to the target. The cursor is a small circle on the screen. The subject's hand is positioned at the starting point, and the cursor is moved to the target. The distance between the starting point and the target is 10 cm. The subject is required to move the cursor to the target within a specified time limit. The time limit is 10 seconds. The subject is required to move the cursor to the target within the time limit. The time limit is 10 seconds. The subject is required to move the cursor to the target within the time limit. The time limit is 10 seconds.
